## Neuenberger and EZ-Slider return home

Donnie Neuenberger is coming home! The Maryland native is set for action in the Dover 200 at Dover International Speedway in the NASCAR Camping World Truck Series, a track which he refers to as “home!”

“It’s great to have the teams come to compete in the Delaware / Maryland area. Most people do not realize that racing has deep roots in this area. As a Maryland native, much of my racing support and sponsors have been from this area and enabled me to compete in NASCAR for over seventeen years. Our Nationwide Sponsor **Plan B Technologies, Inc.** is a Maryland based company owned by Donnie

Downs, President and CEO, who I went to High School with in Southern Maryland,” stated Neuenberger.

“There is a lot more NASCAR history in Maryland and Delaware than people realize. Beltsville Speedway and Dorsey Speedway where legendary short tracks in Maryland that Richard Petty, Bobby Allison, and all the old school drivers used to come and compete at. We grew up watching NASCAR at these tracks in the early days.”

Donnie will be behind the wheel of the #6 EZ-Slider Cylinder Liners in the NASCAR Camping World Truck Series and the #31 Plan B Technologies in the NASCAR Nationwide Series, both for Rick Ware Racing.

“Dover is a tough track and one I will enjoy competing in both the Camping World Trucks and Nationwide Series events this week. Dover earns the name Monster Mile. The drivers look forward to competing on this fast paced concrete surface,” stated Neuenberger.

Neuenberger will get many opportunities to try to tame the “Monster” competing in two races at Dover International Speedway this weekend and the local fans will be pulling for their hometown driver to slay the Monster.

“If anyone can get it done at Dover, it’s Donnie Neuenberger!” stated Rick Ware. “It has always been a pleasure to have Donnie racing for us and to be a part of the double-duty here with him will be a blast!”
